

# STRAUMANN® PRO ARCH

Delta Dental Academy Course

## Immediate Placement and Loading Course

This interactive course is designed for dental implant surgeons to be able to diagnose and provide an immediate functional and aesthetic tooth replacement with predictability. You will be able to select suitable cases and plan each one for a fixed highly aesthetic, functional and immediate tooth replacement.

The Straumann® ProArch concept will be covered from start to fitting of a provisional prosthesis on the same day. This course entitles you to 16 hours of verifiable CPD.
